FINISH NIEUWPOORT, BE

© RDGF FOR THE WESTERN FRONT WAY

This is a *self-supported ride*. What does that mean? We would be delighted to see you at the start but after that you must look after your own navigation, food and drink, clothing, bike mechanics and, most importantly, safety. Averaging distances around 100km each day, riders will go at their own pace, taking breaks and visiting sites as they wish. The Western Front Way is not responsible for the well being of riders.
